THIS DOCUMENT CONTAINS DISTURBING CONTENT. IT WILL BE MENTIONED IF IT CONTAINS ANY OF SAID CONTENT BEFORE IT IS SHOWN AND IT IS CENSORED. IF YOU ARE SENSITIVE TO SAID CONTENT DO NOT REVIEW THIS DOCUMENT BEYOND THIS TAB.

This is a @Cansadia (aka Noah Dabir, DabirKid, Helxvin) expose document. Note that this document has tabs, so click on them to see different dramas he has had. The deeper you go, the worse the things he has done get. Do not harass anyone in this document.

Just below this tab is a tab named “Alt Account List” which shows a [not yet complete] list of all of his alt accounts that he had made. It is somewhat likely some of these are not alts, however, but it is even more likely that they are.

DISCLAIMER:

Below, you may see someone doxxing Noah Dabir. This document’s creator does not support the doxxing nor do they condone you to do the same.

OVERVIEW

How are these accounts alts?
1. They act like Helxvin
2. They are proven by the proof in the tabs and they usually worship Noah Dabir despite Noah having basically no supporters anymore.
3. They support the narrative of Noah even if that narrative is clearly false.

This list is not (and likely will never be) complete as he has made dozens of alt accounts.
Note that some accounts are not archived because they were terminated before he got banned.

Note that I do not have any video or photo evidence of this, however the Archive.org links should be more than enough. He was not falsely banned and was caught for exploiting, however you will have to take my word for it. The only reason this isn't lower on the list is because exploiting is a relatively mild offense compared to what he has said.

CBW BAN

These pictures show him ERPing in CBW. These are dated roughly November 2024. As shown on the top page, this is his account NoahDabirC.

Noah also has a channel, GeoDabir, that is mostly inactive however he mostly copies content from Globe Addict David, a popular channel on Youtube. Below is his video:

These are the only 4 countries that were never invaded or directly attacked by the Europeans. Yes, there are only 4 such countries in the entire world and these are... Liberia, Thailand, Tonga, and Japan. As all of them were never directly attacked or colonized by Europeans.

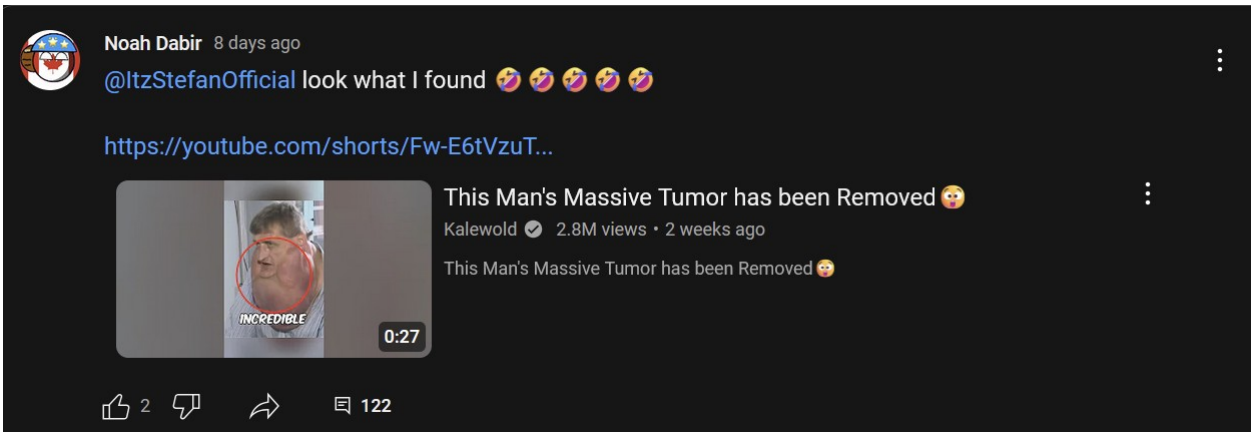
Clearly, he stole his title as seen by the video. If you actually watch both videos, Noah's and David's, you will notice that they are almost exactly the same, except GeoDabir (Noah) has an AI voiceover. Watch his other videos and then look up their title to find Globe Addict David's videos, and you will notice that the scripts are almost exactly the same, except that Noah has obviously used AI voice overs as the voices sometimes change over the course of video to video and it is not transformative at all. He has since stopped posting on this account.



Clearly, he mocks the person in the photo for having a tumor.

Context: Derek used to beef with Noah before he and Noah forgot about each other, and now he has a semi-successful Youtube career with around 6 thousand subscribers. Derek doesn't have any dying family members that the creator knows of.

This is an anti-Trump edit he made. The video includes a symbol that is a Swastika with a ring around it (NOT used in a religious context, based on his previous videos) in which he encourages the death of Trump. While this document does not support Trump or his policies myself, wishing for the death of someone is very steep.

WARNING: Evidence contains racial slurs and extremist ideologies

If y'all wondering what dabirism is, Here it is (only for educational purposes only): Dabirism is an absolute dictatorship ideology created and ruled by Noah Dabir, in which the goal is to make the entire world 100% controlled by him. Under Dabirism, every government, institution, and system is dismantled and rebuilt under Noah's command. There is no president, no parliament, no opposing party—only Noah Dabir, the supreme leader of humanity.

At the heart of Dabirism is a promise: Noah Dabir vows to always make good decisions for the future of the world. Every action he takes is with the goal of bringing peace, order, strength, and greatness to mankind.

Key Pillars of Dabirism:
• Anti-LGBTQ: This ideology is strictly anti-LGBTQ. Its goal is to eliminate all LGBTQ+ individuals, as they are considered a threat to the moral structure and safety of society.
• Total Control: Noah has complete authority over all global systems. His rule is permanent and cannot be challenged.
• No Criticism Allowed: Speaking against Noah Dabir is strictly forbidden. Doubt, opposition, or rebellion is considered treason and punished accordingly.
• Economic Domination: The global economy is fully state-run and directed by Noah Dabir to ensure maximum wealth, innovation, and global supremacy.
• Massive Population Growth: Families are expected to grow rapidly. The future of humanity depends on strong, loyal, and disciplined citizens.
• Unified Loyalty, Diverse Heritage: While Dabirism erases political and ideological divisions, it allows people of all races, nationalities, and cultures to exist—as long as they pledge full loyalty to Dabirism and Noah Dabir.
• The Aryan Dabirist Identity: Aryan Dabirists are not defined by race, but by loyalty, strength, intelligence, discipline, and commitment to the ideology. The term reflects a redefined elite citizen, not a racial group.
• Unity Through Order: All borders and political differences are dissolved. There is only one world, one law, and one leader: Noah Dabir.

Dabirism replaces chaos with order, selfishness with loyalty, weakness with strength, and indecision with Noah's unwavering leadership. It is the beginning of a new age for mankind—one led by a single vision, unified in belief, and protected by absolute power.

Here is an archive.org link of the community post. This proves that he actually said this and that it wasn't inspect elemented. To summarize his post, he says homophobic, racist, supremacist ideals eerily similar to Nazism, like the "Aryan Dabirist Identity" and "No Criticism Allowed". It is likely this was generated by chatGPT, considering the use of perfect grammar (unlike what Noah Dabir usually says), the frequent usage of "replaces X with Y", a sentence structure oftentimes used by GPT, and em-dashes, another thing commonly used by chatGPT.
JOIN DABIRISM TODAY!!! - WHY YOU SHOULD JOIN DABIRISM - ALL DABIRIST IMAGES IN VIDEO SHOULD BE USED This video also helps prove that he is a neo-Nazi and a cultist. It contains imagery very similar to the UTTP videos that were prevalent just a year ago. Not only that, the thumbnail contains a flag of ISIL (the terrorist organization) with Noah Dabir edited.

This is him crashing out and making threats. This was before he got terminated because it used his old channel (@NoahDabir). Here is an archive.org link of him saying this: https://web.archive.org/web/20241229073550mp_/https://www.youtube.com/post/UgkxwAw3omF71A2Q48VqzCUxobu0uUatOuHD

All of these videos make fun of 9/11 and use it to also mock a group of people. In the “W plane” video and the last video, he uses real footage of 9/11 to make fun of LGBTQ individuals. If he wasn’t clearly homophobic by the section “Creating A Cult”, this should make it more clear that he promotes hatred and violence by using a tragedy.

This is a video by Nads proving that Helxvin used alternate accounts to harass her and make imitations of her that aren't true.

WARNING: The image below mentions footage moments before a man gets hit with a bullet in Elk Grove. The man survived. I do not show this in the below section, however news articles detailing it do show it. Images have been heavily censored.

@Helxvin I need your help urgently. Earlier today, I received 7 separate pizza deliveries to my house under the name: “This is Nads and f*** off stop hating on me.” I was forced to pay over $120, and this feels like a clear attempt to harass me and waste my money.
This isn’t just trolling — this could legally be considered harassment or doxxing. also, dumbasses say it’s free pizza which is fucking not
Ik it’s @nadsmultifandom or her supporters. so if they try to hide this, it’s beyond unacceptable. Please speak out about this and help bring attention to what’s going on. I’m asking anyone affected by her to come forward.
If this continues, I’ll be forced to report it to the uk police.

OkayBoomerLOL was created March 31, 2025, [8 days ago as of writing this doc] and it's obvious that this is chatGPT because most of the grammar is correct except for the capital being missing after “harassment or doxxing.” and the “or her supporters” has a capital after the period. The “It isnt just X, this is Y” is a sentence structure commonly used by chatGPT. He had clearly generated most of it with chatGPT then injected his own commentary to it as chatGPT is trained to not swear. It is very obvious Helxvin only created OKAYBOOMERLOL to defame nadsmultifandom by spreading false accusations of pizza bombing.

Thumbnail is grayscaled and censored, although no blood can be seen. This video is of a man being shot at an In-N-Out in Elk Grove. The video has been archived by the Internet Archive, a huge help to this expose.

WARNING: DISTURBING CONTENT: **me and the boys shooting @nadsmultifandom** It is mocking a real man being shot with Nads's profile picture slapped onto it. The man was paralyzed by the police officers shooting him. Elk Grove man shot by police at In-N-Out says he's now paralyzed Here is a news article of the man, showing that the video was real and that Helxvin (Noah Dabir) is using it to target someone else.

WARNING: The page below mentions disturbing content that mentions a minor, although the content isn't actually shown.

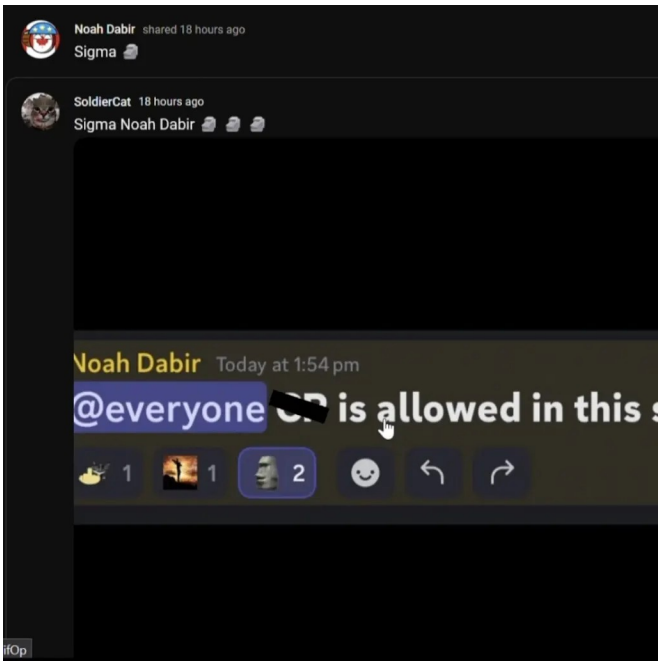
This is proof of him promoting not safe for work content. The person who created it was a member of the UTTP. Note that Nads was [and still is] a minor, meaning that he is promoting not safe for work content of someone who is not of age. The link is redacted for your sake.

WARNING: The document below mentions content that includes minors. This is why Noah Dabir got terminated the first time in January 2025.



https://www.youtube.com/watch?v=J5FW0IRI_7Q This is video proof of him saying this message. https://web.archive.org/web/20250123064417/https://www.youtube.com/@noahdabir/community Here is an archive of this for proof. Do not scroll further down than the post, as it shows him encouraging not safe for work content and a picture of said content (mentioned in Nads Video). His first channel (and alt, SoldierCat) got terminated for saying this.

TL;DR: Noah Dabir is clearly terminally online as shown by his videos. This paints a picture of his bleak future being very similar to terminally online lolcows; Boogie2988, White Bowser, NovaOnline, and Chris Chan. Similarly to them, he has stooped so low until he has basically no support anymore. It is sad to see someone have such little good rep that they use alt accounts to fake support for them and engage in terminally online behavior like stealing other people's content, racial slurs in Roblox avatars, exploiting in games, promoting violence against people, promoting Nazism and narcissistic ideologies, repeatedly telling people to kill themselves, harassing and impersonating people, faking pizza bombings and using videos of shootings to mock victims, promoting NSFW content, and promoting illegal content.
TL;DR for the TL;DR: Noah Dabir is terminally online.

This is NOT part of the expose but it is where I got proof from.
